Valtorc Engineering Limited

Valtorc Engineering Limited is an indigenous company registered with Patents and Companies Registration Agency under business names of the laws of Zambia, Cap 389 of 1994 and license No. 82814. The company was incorporated in September, 2012 as a private company limited by shares with a mission to supply goods and services of high quality to suit the competitiveness of the modern market. Since the inception, we have been offering our services successfully to all our clients and business partners.

Our Mission

- > Our mission is to provide the highest valued services to conform to our customer's requirements and to guarantee our customers continued support in our supplies by providing solutions to their business needs.
- > To capture the local market as well as international and grow as one of the regional leading markets.
- > To provide high quality customized services and products to meet our clients' needs within the shortest possible time, and among other things.
- > Create a long term customer relationship with our clients through prospect efficient and professionalism.
- > Going an extra mile in terms of customer care
- > Good negotiation skills in business

Our Vision

Valtorc Engineering Limited is a well-being functional company and recognized as the developing company through operations which are based on unique expertise in goods and services and knowledge of customers' process.

Customer Care

The management of Valtorc Engineering Limited believes that customer (client) satisfaction is an important key to the success of our business. This message is cascaded throughout the company.

We have developed a comprehensive approach to customer care and to minimising defects on all our schemes. Our objective is to achieve customer satisfaction and repeat business by providing industrial solutions that conform to agreed requirements.

Valtorc Engineering Limited has built its foundations on relationships with partners, associations, clients, contractors, and employees. Our reputation is based upon recommendations and this has helped set us apart from our competitors.

The code of conduct at Valtorc Engineering Limited stems from traditional values within our workforce. Trust, honesty and understanding encompass many of our beliefs and for your own peace of mind we have implemented the following and will endeavour to:

- > Be polite, friendly and courteous
- > Maintain a high stand of professionalism
- > Carry cooperative and flexible attitudes
- > Acknowledge concerns
- > Be informative
- > Listen to feedback

Client Feedback

At Valtorc Engineering Limited, we are constantly working to improve our quality of service to our customers and want to hear feedback from our stakeholders. In order to maintain our continuing high standards we issue a customer satisfaction report on all completed projects that our customers may complete and return. This way we constantly monitor the quality of workmanship through to the quality of management.

We have recently implemented a web-based survey solution that enables clients to easily submit their insights, performance score and feedback.

General Policy Statement

This statement recognises Valtorc Engineering Limited's obligations and accepts its responsibility as an employer for providing a safe and healthy working environment on premises and property under its control. It is the policy of Valtorc Engineering Limited to operate working practices which make proper provision for the health, safety and welfare at work for employees and anyone else that may be effected by our operations. Valtorc Engineering Limited in the conduct of its activities will ensure that it:

- > Protects the health, safety and welfare of its employees and others who may be affected by its activities.
- > Limits adverse effects on and adjacent to the area in which those activities are carried out.
- > Meets its responsibilities as an employer to do all that is reasonably practicable to prevent accidents, injuries and damage to health.

The company will also, so far as is reasonably practicable:

- > Provide and maintain safe working environment that are without risks to health, safety and welfare with safe access to, and egress from it.
 - > Set standards that comply with the relevant statutory requirements relating to health, safety and welfare with regard to the effect on employees, contractors, visitors and the public.
 - > Safeguard employees and others from foreseeable hazards connected with work activities, processes and working systems through the process of hazard identification and risk minimisation.
 - > Ensure that when new substances, plant machinery, equipment, processes or premises are introduced, adequate guidance, information, instruction, training and supervision are provided for safe methods of work to be developed.
 - > safe arrangements for the use, handling, storage and transporting of equipment and materials,
 - > Train all employees to be aware of their own responsibilities in respect of relevant health and safety matters and ensure they participate in the prevention of accidents and co-operate with measures taken to prevent industrial disease.
 - > Ensure that contractors undertaking work for the Company are informed of the relevant standards required and are monitored to ensure compliance without detracting from the contractors' legal responsibilities to comply with statutory requirements.
 - > Promote good health amongst employees and be concerned with the prevention of occupational and non-occupational disorders and diseases.
 - > Co-operate with appropriate authorities and technical organisations to ensure policies are updated and standards reviewed to reflect best practice.
 - > Undertake, audit, monitor and review activities to ensure the Company's objectives for health and safety and welfare are being met.
-
-

We look beyond the business and develop a connection with the client that is both caring and professional.

Application

The policy, supported by instructions, Procedures and Organisational arrangements, is to be applied to all activities carried out by the Company.

The policy must be enforced by all Directors, Managers, Supervisors and Foremen and be observed by all employees.

Environmental Policy

Valtorc Engineering Limited will actively seek to plan, conduct and monitor operations, using the best practical means, so as to limit adverse effects on the physical environment, whilst ensuring that all relevant laws, regulations and codes of practice are fully complied with.

The duty of care will be achieved by the implementation of the following:

Operational Policy

- > All Environmental Policies will be reviewed, formalised and endorsed by the Company's Board of Directors who take responsibility for its execution and require that it be a prime concern of all employees, sub-contractors and suppliers.
- > To employ systems and procedures that ensure compliance with relevant environmental legislation.
- > To purchase, where possible, goods and services which are environmentally friendly, and to utilise in an appropriate and efficient manner.
- > To operate and maintain all plant, machinery and vehicles in a responsible manner providing the maximum practicable environmental protection.
- > Endeavour to assess in advance and operate all works with due care for the local and global environment and to the quality of life of the local communities, where such works may take place.

Communication Policy

Make available to employees, customers, and the public and statutory authorities relevant information about D.E.S's activities that may affect health, safety and the environment. Encourage and co-operate with suppliers and clients to examine and utilise the best

Instrumentation

We have reliable experts who are specialised in the following instrumentation works;

- > Flow Meters
- > Ammeters
- > Digital Energy Meters
- > Volt meters
- > Intelligent valve system accessories
- > General condition monitoring devices

The execution of professional duties is carried out by technical personnel as stipulated in our contract agreement with our business partners/ Clients backed with a team of the well mannered general work force.

Fabrication & Welding

- > Tanks
- > Elbow Cylinders and all types of Cylindrical Shapes
- > Burglar Bars, Grilled Door, Sliding Gates and None Sliding Gates.

Refrigeration

Our technicians are well-versed in handling repairs on a comprehensive range of refrigerators. We can make sure your refrigerator operates smoothly again. The services we offer are as follows:

- > Repairing of all types of Air Conditioners
- > Repairing & Making of Cold Rooms

Fire Detection & Suppression

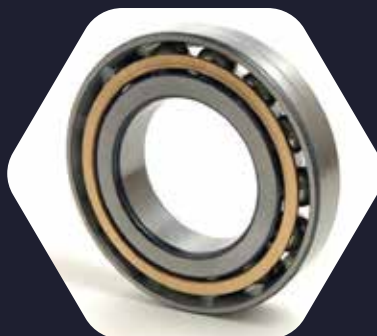

Valtorc Engineering Limited with the confidence of the experienced engineer and field team, provide its customers solutions in;

- > Water Extinguishing Systems
- > Foam Extinguishing Systems
- > Gas Extinguishing Systems (FM200, Novec1230, Inert, CO2 etc)
- > Smoke Curtains and Fire Curtains
- > Fire - Gas Detection Alarm and Detection Systems
- > Smoke Evacuation Systems, Roof Ventilation Systems
- > Fire Doors
- > Passive Fire Stop Systems

Product Range

- > General fasteners both fine and course bolts and nuts.
- > Electrical Spares
- > Mechanical Spares
- > Instrumentation
- > Conveyor Belts & Accessorries
- > Mild steel bolts and nuts
- > Ranging from m6 x 25 to m16 x 75
- > Stainless bolts and nuts
- > Ranging from m6 x 25 to m16 x 75
- > Air flow measurements
- > Ptfе membrane on woven fiberglass
- > Nomex
- > Surgical Dressings Towels,
- > Hospital Linen
- > Pump spares and repairs
- > Hospital Uniforms
- > Laboratory Equipment
- > Horizontal Belt Filters. Filter Cloths. Press Filters (Under the Agency agreement Albarrie Canada Limited.) for TLPHorizontal Filters.
- > Uniforms (all Corporate Wear, Mine Police Uniforms and Footwear)
- > Filter cloths, protective clothing uniforms corporate wear
- > ITT SAP, Mine Rescue TLP, Health and Chauffeurs Uniforms

Product Range

- > Steel pipes
- > Gear boxes
- > Gaskets
- > Woven fiberglass
- > Pps
- > Bearings
- > Valves
- > Couplings
- > Tadano spares
- > Bob cats spares
- > Bee Fighting Gear
- > Chain slings and hoists
- > Earthmoving equipment spares
- > Personal protective Equipment
- > Construction and hardware consumables

Supply Of Electrical Components such as:

- > Electrical motors,
- > Contactors
- > Circuit breakers
- > HV and LV electric cables
- > Switch gears
- > Transformers
- > Over head Aluminum Conductors.
- > Various electrical and instrumentation parts and spares

Marketing or Competitors

Valtorc Engineering Limited has ready market for its quality products and services. It has a clear indication that it will perform even beyond the targets, with a platform of already 10 established companies as its competitors. It has been seen that it's able to make a positive

Environment

The company will make sure that the products/services provided to the community do not pose any danger as per our company policy on safety, health environment and total quality management.
